

Отримати ключі LinkedIn API

Крок 1: відкрийте сторінку <https://www.linkedin.com/developer/apps>, а потім увійдіть за допомогою свого аккаунту.

Крок 2: Натисніть кнопку «Create App».

Крок 3: Введіть назву програми > Виберіть сторінку LinkedIn, щоб пов'язати її з додатком > Введіть URL-адресу політики конфіденційності > Завантажте логотип програми > Натисніть кнопку «Create app».

Additional product requests

We only grant access to apps that have product-relevant use cases. For requests that require LinkedIn approval, the link to our Access Request Form will be made available on this page. Your request is reviewed, and we notify you of the decision by email.

- Перейдіть на вкладку «Auth» > знайдіть «Authorized redirect URLs for your app» > натисніть значок олівця, щоб редагувати.

.....

OAuth 2.0 settings

Token time to live duration
Access token: 2 months (5184000 seconds)

Authorized redirect URLs for your app
No redirect URLs added

OAuth 2.0 scopes

- Scopes define what your app can do on a user's behalf.
- The OAuth consent screen will display descriptions to end users as they are seen below. Some variation may occur if your app has a custom OAuth experience.

No permissions added

Understanding authentication and OAuth 2.0

In order for your applications to access LinkedIn member data and/or act on their behalf, they must be authenticated.

To make this process as easy as possible, LinkedIn relies on the industry standard OAuth 2.0 protocol for granting access.

Using [OAuth 2.0 tools](#) you can create new access tokens and inspect token details such as token validity, scopes.

[Learn more](#)

- Введіть URL-адресу перенаправлення, надану модулем **SAP - Login Social Networks** > натисніть «**Update**».

ПРИМІТКА:

Ваш додаток має підтвердити адміністратор сторінки компанії, яку ви ввели на **Кроці 3**. Щоб перевірити свій додаток, перейдіть на вкладку «**Settings**» > натисніть кнопку «**Verify**».

Натисніть кнопку «**Generate URL**», щоб отримати URL-адресу підтвердження.

Скопіюйте URL підтвердження та надішліть його адміністратору сторінки компанії, яку ви ввели.

Чекаємо, поки адміністратор перевірить вашу програму.
